

SEVERAL HURT IN  
STREET ACCIDENTS

Ralph Ryan, thirteen years old, 621 Eighth street northeast, is in a serious condition today in Casualty Hospital suffering from a severe injury to the left foot sustained last night when he was struck by a street car of the Capital Traction Company while roller skating on F street, between Sixth and Seventh streets northeast.

Mr. and Mrs. James Mitchell, of 224 H street northwest, were slightly injured last night when they were struck by an automobile operated by Ican Stanton, 2211 Fourteenth street northwest at New Jersey avenue and H street northwest.

A car of the Washington Railway and Electric Company jumped the track at Twenty-fourth and Rhode Island avenue northeast yesterday and collided with a trolley pole. Motorman Albert Coleman received slight injuries to the head and body but refused hospital treatment. Damage to the car is estimated at \$100.

## NEW SHIPS EXCEED LOSS

LONDON, Nov. 9.—The output of world tonnage during the last three months exceeded the losses from all causes by nearly half a million gross tons, the admiralty announced.

Thrifty stamps bought for yourself or your children cultivate the right spirit.

Short of Sand, So  
Army Uses Sugar in  
Testing Aero Wings

For the first time perhaps in the history of the War Department a branch of the department is today using sugar as a substitute for sand in its production program.

An official of the Aircraft Production Board called Clarence R. Wilson, District food chief, on the phone today and asked permission to use thirty pounds of sugar in making a test of wing sections of airplanes. A shipment of white sand, which is ordinarily used, had not arrived, stated the official, and sugar was the only satisfactory substitute.

Permission was readily granted. In just what way the sugar was used in testing the wing sections of airplanes is not made public.

SAYS WIFE WOULD  
JIG ON HIS GRAVE

ATLANTA, Ga., Nov. 9.—H. W. Finch, in his suit for divorce filed against Mrs. Jona Fields Finch, declares that if he died she would dance a jig on his grave.

He further alleged Mrs. Finch disappeared November 24, 1917, and her cloak and her baby's cloak and hat were found on the banks of the Chattahoochee river. He said he had heard nothing from her since that time, but recently had received a letter from a stranger in Texas asking about his three children.

He was granted the divorce.

ELECTED SHERIFF  
THOUGH IN JAIL

DETROIT, Nov. 9.—Despite the fact that Richard H. Kolla is serving six months in the workhouse, he has been elected sheriff of Beraga county by a majority of 70 votes. Word of his election was brought here today.

Kolla was postmaster in the county up to last September, when he pleaded guilty to appropriating United States funds and was jailed.

NO ROOM, HE LENDS  
BEDDING FOR PARK

Two men staggering under the weight of numerous blankets and pillows strode out of one of Washington's hotels shortly before midnight last night.

The policeman left his Go-ty sign and took off his cap, mopping his brow.

"What the—? And this is a dry town," he ejaculated.

Then the story got out.

A man, the owner of a comparatively small hotel but the possessor of a big heart, had solved last night's lodging problem for the two strangers.

Several hotels had been visited, but the clerks merely lifted their eyebrows and said "Nothing doing."

From each place the two men departed with a growing conviction that, although this was a good country to live in, it was a poor one to sleep in.

Finally the little hotel and Gus Buehholz, the man with the big heart, "No, we haven't any place for you two gentlemen to sleep," was the polite reply of the night clerk.

The traveler's patience was sorely tested and they chorused: "Well, do you expect us to sleep in the park?"

The clerk sought to appease their ruffled feelings.

"Just a moment, and I'll phone the manager," he volunteered.

The owner and manager was in and, after a moment's reflection, he said: "No, he didn't have a thing left."

No, the rooms were occupied and the bulk were full of cots, but the two men were as good as the clerk indicated, why—certainly he would furnish the necessary paraphernalia and take a chance they would bring it back.

No sooner said than done, and the two staggered forth from the hotel heavily laden with bedding, but happy.

CHINA WANTS JAPAN  
TO QUIT KIAUCHAU

China will ask at the peace talk that the Japanese evacuate Kiauchau. Authoritative disclosures here indicate.

This territory, formerly indefinitely leased to Germany by a capitulation taken Japan after a spectacular seizure that began with her entry into the war. Unofficial statements from Tokyo at the time of the occupation were that Japan would withdraw her forces at the end of the war.

Later intimations of Japanese statesmen have been that Japan intends to hold Kiauchau as well as other German possessions in the Pacific and the East with the sanction of the entente. Chinese officials see a confirmation of these intentions in the permanent development enterprises and undertakings inaugurated by the island empire in Kiauchau and in the surrounding province of Shantung.

D. C. Heads Urge Support  
For War Work Campaign

A PROCLAMATION.

It has come about that the people of the United States find themselves compelled to take arms against a foe that threatens the liberties of the peoples of the world; the lives of women and children, particularly, and of all free men.

To help to establish a freedom from this oppression that the world demands, it is necessary that millions of the best young manhood and young womanhood of America must go overseas and separate themselves from their accustomed vocations and domestic influences.

This, naturally, means a mental and spiritual hunger for those ties of family, society, and church that are dear to the hearts and close to the deepest feelings of every American. To supply this void in the lives of our millions of soldiers and sailors, the United States Government has authorized these seven organizations to look after the welfare of the men in service:

Young Men's Christian Association.  
Young Women's Christian Association.  
National Catholic War Council—Knights of Columbus.  
Jewish Welfare Board.  
War Camp Community Service.  
American Library Association.  
Salvation Army.

These seven organizations have accepted and discharged this trust in a manner that has commanded the admiration of the world and the eternal gratitude of every man under the service of the flag.

And, whereas, the privilege of giving moral and financial support to this wonderful work, so closely interwoven with the lives of the men in service, has been given not to an institutional government, but to every individual man, woman, and child in the United States:

Now, therefore, we, the Commissioners of the District of Columbia, do hereby proclaim to the citizens of the National Capital that, during the week beginning Sunday, November the tenth, 1918, they bestow attention, lend effort and strength and give liberally to the fullest extent of their means, to the appeal for funds that shall be made by the United War Work Campaign for \$170,500,000 to "carry on" this wonderful work so auspiciously begun.

And we further request that this proclamation shall be read aloud from every pulpit in the National Capital on Sunday, November 10, 1918, and on the following day, in every school, so that the children may also, to the extent of their interest and effort, join in this vital work of the war.

LOUIS BROWNLOW,  
JOHN G. D. KNIGHT,  
W. GWYNNE GARDINER.

HOOVER'S BUREAU  
TO END WITH WAR

Government direction of the distribution of foodstuffs after the war, until normal conditions prevail in Europe, will be continued under the Department of Agriculture. Congress approves the request of President Wilson to this end.

The Food Administration will cease to exist with the signing of peace treaties. President Wilson now has a program of legislation to be submitted to Congress.

Herbert Hoover, United States food administrator, has expressed his desire to be relieved of his duties as soon as possible. It is considered certain that the machinery of the Food Administration will be turned over to the Department of Agriculture.

Work to Continue.

The efforts of the Government will continue to be directed at the maximum production of food in America and the practice of conservation so that the greatest possible supply of foodstuffs be made available for shipment to Europe. Naturally, however, with the expiration of the Food Administration, price agreements with farmers also will terminate unless Congress grants new price-fixing powers to the Government.

It has been said that after the war more urgent appeals for patriotic action in food conservation must be urged, inasmuch as there is no efficient method of policing. Food Administration rules now are in force because of the patriotic endeavors of the people, who have been ready to report violations of the food regulations.

The Department of Agriculture, with its machinery for obtaining exact information regarding the activities of the farmers, will be able to intelligently advise the agricultural and animal producers as to the greatest food requirements and obtain their cooperation.

MURGUIA SOLDIERS  
HOLD CHIHUAHUA

EL PASO, Tex., Nov. 9.—By proclamation of Gen. Francisco Murguia martial law was declared yesterday in Chihuahua.

Gen. Ignacio Enriquez, deposed provisional governor, is in western Chihuahua rallying the home guards to his side. He has established his provisional state capital at Guadalupe, in the district of Guerrero.

General Murguia's manifesto accuses General Enriquez of meddling in military affairs, attempting to spread reports of Murguia's disloyalty and stirring political movements against him. The situation in Chihuahua City is said to be serious.

NEW YORK, Nov. 9.—France after the war will expect to have help from the United States in the form of money, labor, materials and ships. This was made clear by Andre Tardieu, French high commissioner and minister of Franco-American war affairs in the French cabinet.

Tardieu in an address to the Association of Foreign Correspondents declared he hoped American troops would relieve the labor situation. He suggested that American technical units and other soldiers with their equipment would be able to help restore devastated France, while awaiting transportation home.

NEW YORK, Nov. 9.—Dudley Field Malone, former collector of the port of New York, has been commissioned a lieutenant in the United States navy, and has been assigned to the overseas transport service, it was announced last night.

TODAY "YPRES DAY."

NEW YORK, Nov. 9.—This is Ypres day. It is being celebrated with meetings and speeches in many parts of the United States, in honor of the men who died in the first battle of Ypres, when the Germans were turned back, four years ago.

G. O. P. SENATORS  
PLAN ORGANIZATION

Although the Democrats are not yet conceding the Senate, saying they will wait for the official and soldier vote, it is now taken for granted here that the Republicans will control it. 49 to 41. This will enable them to organize it.

The line-up of the House, on basis of latest unofficial returns (339 Republicans, 196 Democrats, 1 Independent, and 1 Socialist).

With forty-nine Senate seats, the Republicans will shape the committee, elect the President pro tempore, and control the patronage. Moreover, a contest is threatened in the Nugent-Golding fight in Idaho, which might give the Republicans one more seat, although Senator Nugent, according to the unofficial figures, is elected.

Republicans in Senate and House are already talking about organization. In the Senate, interest is keen in the chairmanships of important committees. Senator Lodge will head Foreign Relations, which is especially important in these times, with a peace treaty ahead.

Senator Penrose will head Finance, probably Senator Warren will head Appropriations; Senator Nelson will probably head Judiciary, and Wadsworth Military.

The indications continue that Senator Dillingham will take the chairmanship of the District Committee. Senator Brandegee may be made President pro tem, to succeed Senator Sausbury, who was beaten.

Senator Martin will be the Democratic leader, and there is talk of Senator Gerry for Democratic whip, to succeed Senator Lewis, who was beaten.

Thus, chief interest today centers in the course which will be pursued on great reconstruction issues by such men as Borah, Johnson of California, La Follette, McNary of Oregon and Kenyon of Iowa, all of whom are more or less independent of party. The Democrats are counting strongly on the support of these men in the coming fight.

Kenyon's resolution for a commission to recommend a budget system is one measure which has been held up by reactionary influence, which now probably will go through.

These Senators are practically all public ownership men, and when in question of continuing Federal control over telegraphs, and telephones comes up, they may be counted on to oppose the "regular" Republicans and vote with those who want temporary Government control converted into permanent Government ownership and operation.

Reconstruction Opportunity.

It is on new reconstruction measures, however, that the Progressives will get their opportunity to wield the greatest influence. They can beat any measure by filibustering against it. They also can put through progressive laws because both Democrats and Republicans will be eager to please them to obtain their support.

Kenyon's resolution for a commission to recommend a budget system is one measure which has been held up by reactionary influence, which now probably will go through.

These Senators are practically all public ownership men, and when in question of continuing Federal control over telegraphs, and telephones comes up, they may be counted on to oppose the "regular" Republicans and vote with those who want temporary Government control converted into permanent Government ownership and
